FORD SEED CO., Ravenna, Ohio

THE HOME OF FORD SEED CO.
 ½ Mile North of Ravenna, O., State Route No. 44

*There is an acute shortage of many kinds of seeds
 for 1946. Order early and avoid disappointment.*

A HEARTY WELCOME AWAITS YOU

TERMS AND DIRECTIONS FOR ORDERING

Prices Subject to Change Without Notice

Terms: Cash with order or one-fourth cash and balance C. O. D. or before shipment.

Shipping: We ship by freight and express over the Erie, Penn. and B. & O. Railroads which connect with lines to any point in the U. S. We also have truck lines running in all directions. If your shipping point has no agent please add to your remittance to cover freight charges, as it is necessary to prepay to such points.

Parcel Post: We consider parcel post the best way to send all small shipments unless they contain something which cannot be sent through the mails, such as poison spray materials. Parcel Post is delivered right to your mail box.

Errors: Please notify us at once on receipt of goods of any errors, and they will be cheerfully corrected. No claims for errors will be allowed unless made promptly.

Substitutes: We reserve the right to substitute a variety as near like the one ordered as possible, in case we become sold out of the one ordered, unless the order is marked "No Substitute."

We Guarantee safe arrival by parcel post and will supply the necessary documents so that our customers may put in claims against the carrier for any damage or loss of shipments made by express or freight.

We Guarantee our seeds to grow under favorable circumstances. Since there are so many conditions upon which the crop depends, we give no warranty, expressed or implied, as to description, quality, or productiveness of any seeds, bulbs, plants or trees we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned and the money paid will be refunded cheerfully. Should any seeds, plants or trees sold by us prove untrue to name, we will, upon proper proof, refill the order or refund the money paid for them. In no case shall we be liable for any sum greater than that originally received for the seeds that proved untrue.

Should you have occasion to enter a complaint, give date of planting, condition of soil and weather, amount and variety ordered, number of order, stock number appearing on the package and amount paid for same.

Keep Them Eating

You can help on the home front by raising part of your own food, thus releasing food for those in need. It is more than a patriotic duty, it is a necessity. Choose one of the following COLLECTIONS to meet your needs, and raise VITAMINS at your back door. Remember food is power.

EDIBLE SOY BEANS—BANSEI (90 days) Best

for northern areas, productive. Very nutritious. \$0.10 .20 .35 .65

Ford's Sound Vegetable Seed

Are Tested and of Strong Vitality

We supply our customers with the same high quality of seed that we like to plant ourselves. We know that it pays best to plant only the best seeds.

Ford's Sound Seeds are sound in every way, as near as it is humanly possible to have them. They are grown in locations where we know they will attain the highest degree of perfection.

Substitution. If the variety ordered cannot be supplied we will substitute one as near like it as possible unless the order is marked "No Substitute." If it is so marked we will refund money for the item which we cannot supply.

WE LIMIT OUR LIST OF VARIETIES to THE VERY BEST

GERMACO Hotkaps

Protect plants from frost and insects, keep the soil soft and moist, hasten maturity.

They are made of specially prepared waxed paper which admits light. They are cone shape, measuring 11 inches in diameter at the base. When placed over the plants and held firmly in place by the soil around them, they become miniature hot-houses.

25 Hotkaps nested in Cardboard Setter, 60c; 100 Hotkaps, 1 Garden Setter, 1 Tamper, \$2.20

250 Hotkaps, 1 Garden Setter, 1 Tamper, \$3.90
1000 Hotkaps without Setter or Tamper, \$11.75

The 100 and 250 packages contain a light Fiberboard setter.

PLANTABBS—An odorless plant food in tablet form, ideal for all potted plants, flower boxes, and outdoor gardens. Easily dissolved in water. Ceiling prices—30 tablets, 25c; 75 tablets, 50c; 200 tablets, \$1.00.

Ask for Prices

OHIO K-23—This variety is for general use on the uplands of eastern, northern, and north eastern Ohio. Has a good root system and uniform ears. Large flat kernels.

M-15—One of the earliest hybrids, giving high yields of sound corn. Good root system, well eared, and drought resistant.

OHIO K-24—This variety matures about 100 to 105 days. Ears are large and placed medium height. A high yielder for an early corn.

ENSILAGE CORN—OPEN POLINATED VARIETIES

Ask for Prices

FORD'S TRUE OLD VIRGINIA ENSILAGE CORN—We cannot exaggerate the merits of this wonderful corn for ensilage purposes, if you want to fill your silo with good ensilage from fewer acres use Old Virginia.

Lancaster County SURE-CROP—Has proven its adaptability in every corn-growing section in the country, matures in 100 to 105 days.

Ford's Big Golden Ensilage Corn—The largest and best of the Yellow varieties.

MISCELLANEOUS

RAPE—Dwf. Essex. 1 Lb., 35c; 3 Lbs., \$1.00

SORGHUM—Early Amber—Makes good syrup, and is excellent for cows. Pkt., 10c; Lb., 35c; 3 Lbs., \$1.00

SUDAN GRASS—An annual grass which grows very fast and produces from 3 to 4 tons of that per acre. Pkt., 10c; Lb., 30c. Ask for prices on larger quantities.

Ford's Sound Grass Seed

We sell all Grass and Clover Seeds on a small margin of profit and handle none but the highest grades. The analysis of these will be found to be high in all cases. As prices fluctuate we reserve the right to change our prices. But will give all the seed we can for money sent us at the prevailing price. Ask for prices on larger quantities than quoted in this list.

FORD'S FANCY LAWN GRASS MIXTURE

MADE FROM HIGH GRADES OF SEEDS ONLY
PRODUCES VELVETY GREEN LAWNS

This is our popular and reliable mixture for producing a thick, permanent green turf. None but high grades of seed are put into it.

The grasses which go to make up this mixture are selected with the idea of making a quick and at the same time a permanent tough sod. Our sales of this seed have been enormous and our customers have been universally satisfied with it.

To make a good lawn the soil should be made comparatively rich and raked till it is perfectly smooth. Sow the seed at the rate of one pound to 300 square feet, using a lawn roller after sowing the seed. For fertilizing Milorganite or Pulverized Sheep Manure, are suitable. These you will find quoted elsewhere in this catalog.

The best times to sow lawn grass seed are from March 1 to June 1 and Sept. 1 to October 15. If you want a real good lawn sow FORD'S FANCY LAWN GRASS MIXTURE. Pkt. 10c, lb. 70c, 2 lbs. \$1.30, 5 lbs. \$3.00, 10 lbs. \$5.75.

SHADY NOOK LAWN GRASS

A mixture of grasses especially adapted for shady places. This is made from extra choice grades of seed that should please any one. Pkt. 10c, lb. 75c, 2 lbs. \$1.45, 5 lbs. \$3.50, 10 lbs. \$6.75.

GRASS SEEDS

Write for quotations on large lots.

TIMOTHY. Extra recleaned, high germination and purity. Pkt. 10c, lb. 30c, 3 lbs. 75c. Ask for prices.

KENTUCKY BLUE GRASS. Clean, solid seed free from chaff. ½ lb. 40c, lb. 70c, 2 lbs. \$1.30, 5 lbs. \$3.15, 10 lbs. \$6.00.

RED TOP. Clean, solid seed. ½ lb. 25c, lb. 45c, 2 lbs. 85c, 5 lbs. \$2.00, 10 lbs. \$3.75.

CREeping BENT GRASS. A very fine grass suitable for golf grounds and lawns. Thrives on acid soils and in the shade. ½ lb. 70c, lb. \$1.35, 2 lbs. \$2.60, 5 lbs. \$6.35, 10 lbs. \$8.75.

Tree Tanglefoot

Is a sticky substance, which is easily applied with a wooden paddle in a band around the tree. It sticks fast any insects which try to climb the tree. Will not injure trees. Once applied remains sticky three to four months in all kinds of weather, or ten to twenty times as long as any other known substance. A pound makes about 9 lineal feet of band. Needs no mixing, always ready for use. Far superior to any other material or device for destroying Canker Worms, Gypsy, Brown-tail and Tussock Moth Caterpillars. Make application about March 1st. Also good for covering wounds caused by pruning trees or other injury to the bark. 6 oz. 50c, 1 lb. 80c, 5 lbs. \$3.75, 10 lbs. \$7.00, 25 lbs. \$15.00.

MILORGANITE

Prices Subject to Change

25 lb. Bag \$1.00, 50 lb. Bag \$1.75, 100 lb. Bag \$3.25.

CLOVER SEED

BLACK LEAF 40

WORKS WHILE THEY ROOST

"BLACK LEAF 40" was the first Brand of Nicotine Sulphate containing 40% of Nicotine, ever placed on the market. It has been subjected to the most rigid tests for efficiency, by authorities of international reputation. It was the product used in the original spraying and stock dipping tests and in demonstrations by which the status of highly concentrated nicotine sulphate as an insecticide was established. **"Black Leaf 40"** is permitted by the U. S. Department of Agriculture in official dipping of sheep and cattle for scabies. It is approved by Federal and State Experiment Stations and by leading growers, for spraying purposes. **"Black Leaf 40"** has by far the largest sale of any brand of nicotine sulphate in the world. It is sure death to all kinds of Aphis, Pear Psylla, Thrip, Leaf Hopper, Red Bug and other insects. It may be used in combination with other spray materials.

FOR KILLING HEN LICE and mites it has proven a complete success. Just paint it on the roosts. The fumes kill the lice on the birds. A very simple remedy. Special pamphlet on its use mailed on request. 1-oz. bottle 40c; 5-oz. pkg. \$1.10.

Sulpho-Tobacco Soap

Exterminates insect life on plants and flowers indoors and out; especially good for rose bushes; about the house it drives away cockroaches, and is a superior wash for domestic animals. 3 oz. cake (sufficient for 1 $\frac{1}{2}$ gals. solution) 10c, by mail 13c, 8 oz. cake (sufficient for 4 gals. solution) 20c, by mail 25c.

Grape Dust Prevents mildew on roses and other plants, just dust it on. 5 lb. Pkgs. \$1.00, by mail.

Tobacco Dust Regular grade. Tobacco Dust is used for root lice control, by spreading thickly on the surface of the ground around the infested plants. Also used for dusting foliage of plants as an insect repellent. Prepaid, 1 lb. 25c, 2 lbs. 37c, 5 lbs. 63c, 10 lbs. \$1.05. Not prepaid, 1 lb. 15c, 2 lbs. 25c, 5 lbs. 45c, 10 lbs. 80c, 100 lbs. \$4.50.

Raffia

NATURAL COLORS. Used for tying, basket-making and other fancy work. Oz. 10c, $\frac{1}{4}$ lb. 25c, lb. 95c. Full hanks, 2 to 4 lbs., at 90c lb.

COLORS. Delft Blue, Indian Red, Navy Blue, Rose, Golden Brown, Apple Green, Orange, Light Yellow, Emerald Green, Bottle Green, Mahogany, Violet, Seal Brown, Olive Green, Holly Red and Black. Oz. 20c, $\frac{1}{4}$ lb. 50c, lb. \$1.25.

Kill Rats and Mice

with

"TOPZOL"

It's Safe and Sure

It is non-poisonous to human beings, poultry, dogs, cats and other domestic animals. But it is sure death to Rats and Mice. Mix it with ground raw beef, fish, bread or meal, scatter where rats and mice will find it. Easy to use and safe.

2 oz. can 50c. Not mailable.

Winifred J.—Beautiful pink. Each, 50c

Ohio Trade Only

MASTODON EVERBEARING B

The largest of all Everbearing Strawberries. 18 berries have filled a quart basket. It bears from August till freezing weather stops it, the same year as planted and then again the following June and again in the fall.

PREMIER. (B) The earliest of all. While extremely early it seems to be frost resistant. The berries are large, bright red color, sweet, of fine quality, and very uniform in shape and size. It is an all around strawberry, good for market, table use or canning. A money maker for the commercial grower.

DORSETT. (B) is the early variety, being one of the firmest, and also one of the heaviest producers known, and the berries average very large in size, being light red in color, holding this color well after picking.

FAIRFAX. (B) is supreme in quality, of decidedly good flavor. Berries very bright red. The foliage is very good and the plant is large and vigorous.

CURRANTS

Local Trade Only

PERFECTION. The best large red variety. Productive and finest quality for home use or market.

GOOSEBERRIES

Local Trade Only

PEARL. Large, pale green, fine quality, productive.

GRAPES

We offer but a few varieties, but they are the very best.

CONCORD. The standard black variety. 2 year vines.

NIAGARA. Large, sweet, best white, 2 year vines.

BRIGHTON. Red; high quality; large and productive, 2 year vines.

WORDEN. Black. A little earlier than Concord; very similar in appearance; very sweet, 2 year.

RASPBERRIES

CUMBERLAND. Black. Large, excellent quality and prolific. We consider it the best black variety.

LATHAM. The best of all red raspberries. Vines are perfectly hardy, Mosaic-free. Wonderful yielders. Color dark red; berries very large and of finest quality.
